

In the beginning.....

Liverpool said

Improved Awareness

High quality care
and support

Early diagnosis and
help

So today

Thinking in
new ways

Reviewing
our services

Acting on evidence

Catching the
problem
earlier

Better
support in
community

Taking care
of carers

Which means

Needs led not age specific

Living environment

Service re-design

Prevention and promotion

Workforce development

News! We now have quality outcomes. People with dementia and their carers have told us that they should be able to say:

- I was diagnosed early
- Those around me and looking after me are well supported
- I can enjoy life
- I know what I can do to help myself and who can help me

- I feel part of a community and I'm inspired to give something back
- I am treated with dignity and respect
- I understand, so I make good decisions
- I get the treatment and support which are best for my dementia and my life
- I know that my life plans and wishes will be honoured
